

FÉDÉRATION INTERNATIONALE DE LA PÊCHE SPORTIVE EN EAU DOUCE

OFFICIAL F.I.P.S.e.d. RULES **OF INTERNATIONAL “FOR NATIONS” COMPETITIONS** **“FEEDER FISHING”**

ORGANIZATION

- 1- Official international competitions shall only be organized by national Federations that are members of C.I.P.S.. The organizing Federation shall be officially responsible for the competition under consideration.
- 2- Only the members or the sports clubs of a national Federation affiliated with C.I.P.S. and F.I.P.S.e.d. who have fully paid their annual membership fees shall be allowed to participate; their Federations shall designate them.

Regarding the national teams

The national teams' anglers **must hold** the same nationality as the Country that they represent. Only one (1) foreign competitor is allowed in the team, provided that he meets the following conditions:

- 1) The competitor shall have resided in said Country for at least 5 years and he/she shall hold an official document confirming that;
- 2) The application shall be forwarded by the Nation the angler wishes to represent.

Any angler who has already participated in a World Championship or in any international competition representing a Nation, shall not be allowed to compete for any other Nation.

Regarding the Club teams

The team anglers **must hold** the same nationality as the Country that they represent. Only two (2) foreign competitors are allowed in a Club, provided that they meet the following conditions:

- 1) They shall have the Club's licence with which they intend to compete and they are not under any disciplinary sanction;
- 2) They shall not be obligatory resident in the Country they represent, provided they have never been representing any other Nation in any other category during the 2 years preceding the championship in question;

3) The application shall be forwarded by the Nation of the Club the angler wishes to represent.

Competitors shall always be able to prove their nationality by means of national IDs or passports.

All supporting documents shall be produced at the 1st captains' meeting.

Only teams that are members of national Federations shall be allowed to take part in World and Zone (Europe, etc.) Championships.

The same Federation cannot organize in the same year the World Championship for Nations and the World Championship for Clubs; neither can these two championships be assigned to neighbouring or geographically close Nations.

In order to apply to organize a championship, the Nation under consideration must have participated at least once, over the previous three years, in the championship that they wish to organize.

A preliminary programme shall imperatively be sent to F.I.P.S.e.d.'s Secretariat before the 31st October of the preceding year.

With the exception of the World Fishing Games, F.I.P.S.e.d. is officially tasked with providing the printed material, certificates and rankings for the awarding of prizes for all championships; therefore, the organizing Nation shall pay for all board and lodging expenses (room, meals and closing gala dinner) of the person performing such tasks. Said person's stay may begin on the eve of the first day of practice and end on the day after the closing dinner; F.I.P.S.e.d. shall pay for the relevant travelling expenses.

For all F.I.P.S.e.d. championships, the organizing Nation shall cover all board and lodging expenses (room, meals and closing gala dinner) for two members of F.I.P.S.e.d.'s Executive Committee, and for the person in charge of the rankings; their stay may begin on the eve of the first day of practice and end on the day after the closing dinner.

No championship organization shall be entrusted to a Nation if that Nation does not undertake to put live fish back into the water after they have been counted and weighed (it is forbidden to kill fish).

The Nation organizing a World or Zone Championship shall be responsible for procuring the trophies, which will be paid for by F.I.P.S.e.d.; the organizing Nation shall envisage 3 trophies for the team competitions and 3 trophies for the individual competitions. F.I.P.S.e.d. shall refund a maximum amount of € 300 for 6 trophies. Such trophies shall feature a plate, carrying a "F.I.P.S.e.d." engraving or F.I.P.S.e.d.'s logo as well as the place and date of the championship. An invoice will be required in order to prove trophy-related expenses. If the aforesaid provisions (concerning the plate/logo) are not complied with, F.I.P.S.e.d. shall not reimburse any money. F.I.P.S.e.d. shall provide the medals.

Programmes and invitations for all championships shall only be sent to Nations that are members of F.I.P.S.e.d. (no invitations shall be sent to clubs or individuals).

- 3-** Each C.I.P.S. member Nation shall be allowed to present one team only, composed of 5 anglers and 1 reserve who shall be nominated before the first draw.

No competitor shall be allowed to participate as an individual.

In the event of any injury during a competition, the regular participant may be replaced by the reserve member designated in official documents, however, it shall not be possible to replace the fishing tackle. Angler substitutions shall be authorised by a Jury member.

- 4-** Competitions shall be organized at watercourses, such as rivers, canals, or at suitable stretches of water, such as lakes etc.; to the extent possible, the whole fishing area shall feature the same depth, which shall be of at least 1.5 metres; the minimum width allowed for a venue is 50 metres.

Any possible fish-restocking program must be submitted to F.I.P.S.e.d.'s Technical Commission for approval. In any case, fish-restocking shall take place at least 2 months before any championship. A video or photographs documenting the restocking operations shall be shot/taken by the organizers and sent to the F.I.P.S.e.d. Technical Commission.

- 5-** The selected venue shall be as straight as possible; it shall offer equal fishing conditions for all competitors. Furthermore, the venue shall allow anglers to stand in a continuous line, thus being free – to the extent possible – from any obstacle such as power lines, bridges etc.. The venue shall not expose the competitors or the spectators to any kind of danger.

One or more members of the Technical Commission shall inspect the venue that may be selected for a championship, and said inspection shall take place at the same time of the year as to that proposed for the organization of the competition under consideration. F.I.P.S.e.d. shall pay for the travelling expenses (including flight and train tickets or car) of the Technical Commission's member(s), while the organizers shall cover all transfer costs from the airport or train station, and will pay for accommodation and meals. A report of the inspection shall be submitted to the Executive Committee of F.I.P.S.e.d. for evaluation and approval. The final decision on the approval or rejection of a venue by F.I.P.S.e.d. shall be communicated to the candidate Nation.

With regard to accommodation, participating Nations shall have two options:

- 1- Opting for the official accommodation proposed by the organizing Nation (optional). In that event, the organizing Nation shall clearly indicate the terms and conditions for the stay, including:
 - The half-board price per night per person for, depending on the number of persons sharing each room, regardless of the duration of the stay (full board cannot be mandatory); the participating Nation shall specify the dates of their anglers' stays (the term "official stay" used by many Nations, starting on Thursday, has never appeared in any regulations, and therefore should not be used);
 - The price of the closing gala dinner.

The accommodation terms proposed to the Nations shall first be approved by the Technical Commission.

- 2- Selecting their hotels by themselves.

If this is the case, participating Nations shall be required to communicate their accommodation-related choices to the organizing Nation upon registration (in the official registration form).

In both cases (participation through or without the help of the organizers), the registration fee shall amount to € 1,300, which shall include 9 closing gala dinners and 6 fishing permits for the whole duration of the championship (training and competitions), insurance and sundry expenses such as gifts, cups, trophies, etc..

For the closing gala dinner, be it a dinner with table service or a buffet dinner, participating Nations or Clubs shall be assigned a number of seats corresponding to the number of gala dinner seats they reserved.

If no details about the accommodation are provided by the deadline set by the organizers, the participating Nations or Clubs shall **imperatively** have to book their accommodations themselves and shall still pay the relevant registration fee to the organizers.

Any Nation or Club that undertakes to take part in a championship by filling in the relevant registration form but does not show up, shall, in any case, pay the relevant fee of € 1,300 to the organizing Nation. Nations or Clubs failing to comply with this provision shall be forbidden from taking part in and organizing future championships.

All Nations or Clubs shall communicate their arrival dates to the organizing Nation at least one week before the first training day. Any absent Nation (not showing up at the venue) not taking part in the last day of training shall be considered as a WITHDRAWING Nation and shall not be allowed to participate in the championship (see penalties under article 31 § c).

Together with the event programme, the organizing Nations shall provide a list of hotels, lodgings, rooms and campsites located within a 20-km range from the venue.

The organizers shall see to it that all registration forms are duly filled in and carry the mobile phone numbers of one delegate and one captain. Addresses and emergency telephone numbers (police, fire-fighters, hospitals, etc.) shall be provided in the program leaflets.

The Feeder Fishing World Championship for Nations shall take place in the 2nd week-end of July and the Feeder Fishing World Championship for Clubs in the 4th week-end of May.

- 6-** During the competitions, all competitors shall have a 12 (min) to 30 metres (max) long angling position (peg); 20 metres is the optimum size. The width of the pegs shall be defined together with the Technical Commission.

The angling positions shall be well defined so to be far from the spectators; to this end, it is possible to erect a fence or set up ropes at an appropriate distance from the shore (we recommend a distance of at least 10 metres); furthermore, a corridor for authorised people (organizers, reserves, captains, press, and Jury) shall be created between the anglers and the spectators.

This official corridor shall under no circumstances be occupied by fishing tackle.

Captains - 2 per Nation - may enter their teams' competitor pegs; captains shall wear green back-numbers marked with a C, clearly indicating their status. Only one captain shall be authorised inside a peg. Reserve competitors shall wear a red back-number marked with an R letter. If sectors are too far from each other, the International jury can allow the reserve to enter into the boxes.

The organisation shall customize each angler's peg by means of a board indicating the name and the nationality of the competitor, as well as the number of fish caught, with

hourly updating. Such boards are provided by F.I.P.S.e.d.'s person in charge of the rankings.

CAPTAINS' MEETING

-7- It would be advisable that general stewards attend the captains' meetings.

In the event that a captain or a Nation's delegate is absent, the President of F.I.P.S.e.d. or a delegated representative shall draw lots.

1st meeting - On Friday at 03:00 p.m., or on the eve of the first leg

During this first meeting, an international Jury shall be appointed, pursuant to article 28 of the present Official Rules. Then, the following operations shall be carried out:

- Roll call of Nations.
- Nations shall draw lots in alphabetical order to define the call-up order of the draw for the first leg; the call-up order shall be reversed for the 2nd leg (e.g.: the Nation which drew lots first the first day, will then draw last for the second leg, etc.).
- Various information about the progress of the championship.
- Drawing lots exclusively attributing sectors (A, B, C, etc.) to each angler of each team.

2nd meeting - Saturday morning or morning of the first leg

- Draw lots to attribute anglers their competition pegs of the first leg in the various sectors.

3rd meeting - Saturday afternoon or afternoon after the first leg

- Notification of the results to the participating Nations.
- Remarks on the performance of the leg.
- Drawing lots exclusively attributing sectors (A, B, C, etc.) of the second leg to each angler of each team.

4th meeting - Sunday morning or morning of the second leg

- Draw lots to attribute anglers their competition pegs in the various sectors.

NB: Captains' meetings are informative meetings, where guidelines are provided for the competitions. Under no circumstance shall changes to the Rules be made during the captains' meetings. The Rules shall only be changed at F.I.P.S.e.d. Executive Committee's annual meetings, based on the remarks that shall be sent in writing by National Federations to F.I.P.S.e.d.'s Secretary General.

DRAWING LOTS

- 8- Lots for each leg shall be drawn out at least 150 minutes before the beginning of the competition, under the scrutiny of the organizers, in the presence of the captains or delegates of each team, and F.I.P.S.e.d. representatives.

For the two legs, the 5 anglers shall be attributed to their sectors by drawing lots, on the day before the start of each leg.

The positions for the first leg shall be attributed according to a lot drawing scheme designed by F.I.P.S.e.d.. Said scheme is such as to allow positioning the anglers belonging to a team in each fifth of a sector.

For the second leg, lots shall be drawn by each captain (or a designated representative) to assign the angling positions, only considering tail-enders and pre-tail enders.

- 9- The position number 1 shall always be located to the left looking at the water body, and marking will run from the left to the right.
- 10- Captains shall be given a back number for each one of their competitors.

Back numbers for the different sectors shall have different colours (except green or red); alternatively, they may be of a neutral colour with different coloured lettering for each sector.

Wearing the back numbers is mandatory.

GENERAL PROVISIONS

- 11- a) Each competitor shall have 90 minutes to get ready. As soon as the anglers arrive at the venue, they shall wear their back numbers and deposit all their equipment inside the allotted peg, without entering the peg (these rules also apply to those who help the anglers transport their equipment). Anglers shall not be allowed to prepare their equipment until the official starting signal is given, indicating that the competitors are allowed to enter their pegs. Competitors may not receive any help while getting ready (during the preparation stage). Any material may be handed over to the anglers before the baiting signal, but only by each individual steward. After the signal, it shall be forbidden to hand over any kind of material (baits, ground baits and equipment) to the competitors, except for pieces of broken rods, which may be replaced through the individual stewards. Individual stewards may also help anglers to unfasten any possibly stuck rod part.

Before the starting signal is given, the anglers or any third person shall be allowed to prepare their baits and ground baits outside the ring.

After the signal is given that the angler are allowed to enter their pegs, they shall be handed over the baits and ground baits prepared during the preparation stage. It shall be possible to continue preparing the baits and ground baits; it may be done by a third person outside the ring, or by the anglers inside their pegs. Such operations shall be allowed until the signal is given for the start of the checks on baits and ground baits. When the aforesaid signal is given, the baits and ground baits shall be located in the angler's peg and no additional change or inclusion shall be allowed until the checks are performed. The ground baits shall be presented ready for use; sealed bags shall

not be authorized. After the checks, the anglers shall not be allowed to receive any additional baits and/or ground baits.

Small containers with additives for the dipping of hooking baits shall be allowed.

- b) If the control of baits and ground baits has not been carried out, competitors are not authorized to angle.
 - c) Should any angler use a short fish net (shorter 3.50 metres), he/she shall get a yellow card, even if the net is used for both days. Should the same athlete be found with a shorter net during another championship, he/she shall be disqualified.
 - d) Fish net and rod length controls shall be carried out after the checks of baits and ground baits and before the heavy ground baiting; one angler per sector shall be drawn by lot.
 - e) Competitors may reach the venue by their personal means of transportation.
- 12-** There shall be one steward assigned to each competitor and a general steward for each sector. Such individual and general stewards shall have thorough knowledge of the rules of the competition.

The general steward (if possible, supported by a member of F.I.P.S.e.d.'s Executive Committee) shall:

- a) Verify the quantity of ground bait [this must be measured when ready to use (wet and sieved) including earth, gravel, corn maize, wheat, hempseed, etc. and other additives that are not toxic for the fauna and the water environment]. **This quantity will be communicated in the competitions' program in conformity with the decisions taken by the F.I.P.S.e.d. Steering Committee, on advice of the Technical Committee.** The use of pellets, boiles or any other kind of agglomerated ground baits is not allowed for hooking and ground baiting;
- b) Verify the overall quantity of baits (including all baits shall be measured without being pressed) for this championship. **This quantity will be communicated in the competitions' program in conformity with the decisions taken by the F.I.P.S.e.d. Steering Committee, on advice of the Technical Committee. Earthworms shall be presented entire (not-cut);**
- c) Verify that each angler presents for the checks the quantities of baits and ground baits envisaged in the program. In the event of non-compliance, the competitor shall be reprimanded - (under article 31a). The list of reprimanded competitors shall be presented at the captains' meeting. Should the violation be committed again during the second leg or during the following championship, the competitor shall be disqualified due to "recidivism" (article 31b).
- d) Collect any surplus/left of baits and ground baits after the control.

The individual steward must:

- a) Control the keep-net;
- b) Control the angling behaviour of the competitor he/she is responsible for;
- c) Verify and take note of every fish caught;

- d) Keep an eye, at the end of the competition, on the fish caught by the angler and forbid access to the angling position to any unauthorised person until the arrival of the weighing team. Together with the angler, the individual steward shall sign the weighing sheet carrying the weight of the fish.

The bloodworms that are meant for hooking shall be presented in a "F.I.P.S.e.d. official size" box.

After the control, bloodworms meant for hooking can be used for groundbaiting.

The organizer shall provide in the competition program the list of the different models of official boxes, including their cost. These boxes will be available under request, provided that they are ordered 1 month before the championship start, for teams that have manifested their interest.

Baiting bloodworms and any other baits, even those ones bound for baiting or hooking, shall be presented in proper F.I.P.S.e.d. "official size" transparent boxes. Any other form of presentation of baits at the checks shall be seized and sanctioned (one point penalty in the sector ranking).

The ground baits shall be presented at the checks in graduated buckets, and the baits in "official size" boxes. Competitors shall imperatively be equipped with their own buckets and boxes of the allowed size. Competitors who do not carry "official size" boxes shall get one penalty point in the sector ranking (for instance, a competitor who does not have boxes at the end of the leg and ranks 5th, shall be given 6 points instead of 5. The competitor who ranks 6th shall, in any case, be given 6 points).

Sieving of ground baits (through a sieve, hamper, landing nets' tip and others) and mixing (with electric mixer) are forbidden once the checks have been carried out.

During the time interval between the start of the checks on baits and ground baits (third signal) and the heavy ground baiting (fourth signal), the use of sprayers is only allowed to stick and preserve the baits.

After the checks it shall be forbidden to re-moist ground baits and earths with water or any other liquid by any means (hands, sprayer, sponge, vessel, etc.). It shall be however allowed to add additives, powder or liquid, for a maximal amount of 100 ml.

After heavy ground baiting, only the use of sprayers shall be allowed to wet the ground bait and the earth. **Adding liquid and powder additives during competition is allowed.**

Aquatic larvae (jokers and bloodworms) may be presented in no more than two boxes (e.g. ¼ of bloodworms in a ¼ box and ¼ of jokers in a ¼ box). The boxes shall be presented closed, without using anything to keep them closed (e.g. adhesive tape may not be used to keep the lid closed).

Any angler caught in the act (flagrante delicto), after the controls, of having more baits or ground baits than the quantities allowed for the competition, shall be given a red card = the bottom rank in the ranking + 1, for all the competition days he participated in. Should the violation be ascertained during the first day of a championship, the angler shall be excluded for the remainder of the competition. F.I.P.S.e.d.'s Executive Committee reserves the right -depending on the violation- to prevent the angler from participating in future F.I.P.S.e.d. championships for a given period of time.

- 13-** The competitors shall abide by the rules on legal fish size limit in force for the competition (national rules). Any caught fish that is smaller than the minimum legal size or is mutilated shall be seized by the weighing team, and the angler concerned shall be given a yellow card.

Such sizes shall be made public during the 1st captains' meeting (and it is the captain's responsibility to ensure the competitors are informed). Fish shall be kept alive in micromesh keep-nets. The keep-net mesh cannot exceed 10 mm on 10 mm. The keep-net shall have either a minimum diameter of 40 cm for the round ones or a minimum diagonal of 50 cm for the rectangular ones and a minimum length of 3.50 metres; it shall be positioned underwater for at least 1.50 metres during the entire competition. It shall be prohibited to use any other means to keep the catch. Competitors shall carry their own keep-nets, unless they are supplied some by the organizing Federation.

- 14-** The composition of ground baits and baits shall be of natural origin. It is forbidden to use metal products. Artificial baits of whatever material (polystyrene, rubber, sponge, etc.) such as fake maggots, silkworms, moths, bloodworms, earthworms, etc. are prohibited. It is forbidden to fish with spoons, artificial flies, baits made by using living or dead fish (or fishes' parts), other animal species such as frogs or fish roe.

No surplus/left ground baits and baits shall be thrown into the water after training period and after the competition.

- 15-** The competition shall take place by sectors or sub-sectors, in two legs of 5 hours each (schedule recommended: 10.00 a.m. to 03.00 p.m.).

For championships with less than 20 participating Nations, sectors shall not feature any separation, or shall have the smallest possible number of separations. Separated sectors shall imperatively be separated by at least 3 pegs.

In the event of a forced interruption (e.g. a thunderstorm, demonstration, natural disaster, etc.), the Jury may validate the leg, provided that it lasted at least 2 hours.

The Jury can decide to reduce the duration of the leg if the competition schedule does not allow continuing angling for the 5 scheduled angling hours.

- 16-** Each competitor is expected to fully abide by the competition rules.

- 17-** Only single hooks are allowed and the maximal span between the tip and the shank must be 7 mm (n. 10).

Should a member of the Jury notice or be led to record, during a leg, the obvious infringement of the article 35 and of Paragraph 1 of article 17, he/she may call for checks on the angler's line or ask to verify the length of the rod of the angler under consideration, without waiting for the end of the leg. Should the angler under consideration refuse to undergo the aforementioned checks or should he/she modify his/her line, he/she shall be brought before the Jury.

Baits used on the hook shall not be mixed on the point, they shall be put onto the hook; bread and paste (mixture of substances or baits such as the pellet, boiles, balls of ground bait or pasted baits, etc.) are forbidden.

The catching of a fish is valid even if it is accidentally hooked outside its mouth.

If a fish caught by an angler hangs the neighbouring angler's line, outside his fishing zone, the fish shall be deemed valid on condition that the two lines during the fishing action get free before that the fish is caught.

If two anglers catch each one a fish (2 fishes) and the two anglers' lines hang on each other, the two fishes shall be deemed valid on condition that the two lines during the fishing action get free before that the fishes are caught.

If two anglers lines remain hung on each other after the catch, the fishes (1 or 2) shall not be deemed valid and shall immediately be put back into the water.

Deliberate foul hooking of fish is prohibited.

Using echo sounders is prohibited during training and competition.

Using drones is prohibited, both during competition and trainings, excepting the special cases authorized by the International Jury, on advice of the Technical Committee.

It is prohibited to define the angling distance by means of any mechanical or electronic aid.

During the competition, anglers shall not be allowed to use any auricular, telephone or walkie-talkie.

In the event of a breakage, the line fitting shall allow the fish to break free easily from the feeder. Feeders must freely slide on the line or on the belaying-pin rack fixed on the line. It is forbidden to put any stop or slower (e.g. silicon) between the feeder and the reel. The line fitting could feature a shock-leader, so to avoid breakage when casting.

Only the "Feeder" fishing technique is allowed. The "Feeder" (groundbaiting cage) is compulsory on all rods assemblage during competition.

The "feeder method" angling technique is forbidden.

For fishing and for groundbaiting, besides the rods conceived for feeder fishing, also the rods conceived for other fishing techniques are allowed (i.e. carp fishing, shore angling, etc.).

Concerning the end of the line, the minimum distance between the hook and the feeder (hook-length) is 50 cm. Such distance shall be measured between the lower edge of the feeder and the hook.

Below is an example of feeder fitting:

FORBIDDEN TO INSERT THE HOOKLENGTH THROUGH THE FEEDER CYLINDER REDUCING BY GROUND BAIT COMPRESSION THE DISTANCE OF THE HOOK FROM THE FEEDER TO LESS THAN 50 cm

All commercial or artisanal feeders made of metal, plastic or any other material, whatever is the model (cylindrical, parallelepiped, etc.), are authorized, subject to respecting:

- the maximal length of 7 cm, the maximal width or diameter of 5 cm and the minimal weight of 15 g;
- **the minimal length of 1.5 cm and the minimal width or diameter of 1.5 cm.**

Feeders can be used empty or containing groundbaits and/or baits during the angling action.

- 18-** Competitors may keep and assemble as many rods as they wish, but they are only allowed to fish with one rod at any time, which shall be kept in the hands or placed on the stand. Such rod shall compulsorily feature a reel and a feeder, which during the fishing action can be empty or contain baits and/or ground baits. The spare rods shall not be baited and the feeders shall not be ready with ground bait.

Only casting is authorized. During casting, the pickup shall be open and the line and the reel must not be blocked with the finger.

When a fish is caught, angling shall be forbidden until the caught fish is put in the landing net.

- 19-** Competitors may not receive any support in landing fish.
- 20-** Competitors are not allowed to receive any external help; only the captain is authorized to access the angling peg of the competitors of his/her team, and this only to give verbal advice. A captain shall not be allowed into the peg of an angler who is not part of his/her team.
- 21-** The use of platforms with a maximum size of 1 x 1 metre is allowed; the competitors may stand on them. They shall be installed in a straight line, clear of the water or, if necessary, partially inside the water (this decision will be taken by the organizers, with the approval of the Technical Commission). Additional platforms may be set up in line with the main platform, but only for placing the equipment.

Should it be necessary to trace a line in order to line up all competitors along the venue (string, line traced on the ground, etc.), so to avoid that some of the competitors are closer to the water than others, this shall be done before the start of the training session.

-22- Competitors may use the space allotted to them however way they wish.

Inside the peg allotted to them, the anglers shall move discretely and noiselessly.

It shall be forbidden to angle and throw bait or ground bait in the pegs upstream or downstream (left and right). The fish exiting the peg and sighted in the peg of adjacent competitors shall be considered valid; however, if a line with a fish caught is hooked by a neighbour's line, the fish shall be deemed valid only on condition that it satisfies the provisions of article 17. Otherwise, the fish must be put back into the water without delay. Should a competitor refuse to do so and should he/she put the fish under consideration into his/her net, without previous authorization, during the final weighing phase the person in charge of weighing shall weigh the biggest fish separately and take note of the weight of the fish concerned on the competitor's card. The Jury shall then decide whether to deduct the weight of the fish concerned from the total weight. The competitor shall be given a yellow warning card (see list of warnings), if the catch is not deemed valid.

Photographers and cameramen shall be entitled to access the peg if they are authorised by the adjacent competitors and stewards. Photographers and cameramen shall remain at the border of the peg, while the organizers shall anyway mark a line 2 metres behind the fishermen line.

Only the holders of a press licence or of any other accreditation document will be entitled to have a badge for having access into the corridors reserved to captains and to reserves.

-23- Anglers shall wait for the first signal before entering their peg; after the signal, competitors may start preparing their equipment, measuring the water depth only with the use of a lead (feeder is not allowed), trying their lines, preparing their ground baits and putting their keep-nets into the water. They shall be allowed 90 minutes to perform said preparatory operations; anglers are not allowed to get out of their pegs during preparation.

The second signal shall indicate that 5 minutes are left before the start of baits and ground baits checks.

The baits and ground baits controls (third signal), 1 hour before heavy ground baiting, will start:

- a) from n. 1 of each sector, if the ranking is made on a sector as a whole;
- b) from n. 1 of each sub-sector, if the ranking is made on each sub-sector.

After the fourth signal, competitors shall be allowed to start heavy baiting (10 minutes are allowed for this operation). Ground baiting is only allowed by feeder and this with no end of line and no hook. It is formally forbidden to use hands, catapult, cup or any other device for ground baiting.

The fifth signal shall mark the beginning of the competition.

The sixth signal shall warn the competitors that only 5 minutes are left before the end of the competition.

The seventh signal shall mark the end of the competition; after this signal, only the caught fish that is already out of the water shall be included in the fish count.

The acoustic signals for the different phases of the championships shall be short; in all cases, the beginning of the signal is taken into consideration.

- 24-** During the competition, individual stewards shall stand behind the anglers, on their right or left side, in such a way that they do not bother the anglers but can still control the fish caught by the competitors. Keep-nets shall be positioned so that the stewards can see them; the fish shall be put in the keep-nets and kept alive until the weighing team arrives.

If the organizers do not have an adequate number of stewards available, the jury may decide to turn to accompanying persons who are not members of the organization.

WEIGHING OPERATIONS

- 25-** The weighing operations shall be performed by 5 member teams.

One person shall be responsible for weighing.

Another person shall write down the weights in the official record.

The three other people shall be in charge of all other handling operations.

One scale shall be available in each sector. The containers used to weight the fish shall feature holes, so to allow water drainage.

Weights shall be recorded in grams.

When very small fish such as fry are caught, which do not register on the scales (scales scoring 0 grams), the fishermen shall be ranked based on the number of fishes caught, and then ranked after those fishermen who were ranked based on to the weight of the fish they have caught.

- 26-** Until the arrival of the weighing team, competitors shall leave their keep-nets with the fish in the water. The fish shall be handled with care by a member of the weighing team; they shall be weighed, not counted; after the weighing, the fish shall be put back into the keep-net of the angler who caught them, and the keep-net shall be put back into the water without delay. Only after the fish of all anglers of the sector is weighted, shall the person in charge of weighing order to put the fish back into the water. This shall allow double checking weight in the event of any complaint. The fish shall be put back into the water with the utmost care.

- 27-** Each competitor shall witness the weighing operations in order to control and sign the weighing sheet carrying the weight of the fish he/she has caught. After the end of the weighing operations in a sector, after the fish is put back into the water and the weighing sheet has been signed, no weight-related complaints shall be accepted.

THE JURY

-28- An international Jury shall be appointed to examine any complaints lodged and to apply penalties, as per the rules; the Jury shall be established at the first captains' meeting.

The Jury shall consist of the following members:

- F.I.P.S.e.d.'s President, or a substitute delegated by the President;
- F.I.P.S.e.d.'s General Secretary;
- The members of F.I.P.S.e.d.'s Executive Committee;
- A delegate representing the organizing Nation, unless he/she holds the same nationality as the above-mentioned members, except for the F.I.P.S.e.d.'s President (or his substitute) who shall be the President of the Jury ex officio.

The Jury members shall be at least **3, but preferably 5**. If this number is not reached, some delegates from different Nations shall be chosen by drawing lots. These delegates cannot have the same nationality as the F.I.P.S.e.d.'s representatives and the organizing Nation.

These delegates shall be enrolled on the team registration form; captains cannot be appointed as delegates.

In the event of any infringement by a competitor or by a team holding the same nationality as a member of the Jury, such Jury member shall not vote (except if he/she is the President of the Jury).

The members of the Jury shall wear a "Jury" badge, and shall be at the competition venue to receive any complaint. A place where one or more members of the Jury shall always be available shall be indicated.

-29- Any complaints, except for those concerning the rankings, shall be submitted to the Jury within 1 hour after the end of the leg. Complaints shall be lodged verbally, but they shall immediately be confirmed in writing. Should they deem it necessary, the Jury may watch any video or look at any picture produced by the delegate of the team filling the complaint.

Complaints concerning the ranking shall be lodged within 30 minutes after publishing of the official results. The publishing time shall be recorded in the official result list.

A € 100 deposit - for which the F.I.P.S.e.d.'s General Secretary or his delegate shall issue a receipt - shall complement any written complaint submitted to the Jury. Should the complaint not be judged grounded by the Jury, the deposit shall be transferred to F.I.P.S.e.d.'s bank account.

All infringements and warnings shall be reported to the Jury, with the Jury being the only authority enabled to disqualify anglers. Any competitor who is imposed a penalty shall be informed immediately.

The Jury members and all general stewards shall make sure the Rules are abided by. Hence, they shall have a thorough knowledge of such Rules.

- 30-** The Rules, which are drawn up in the 2 official languages, shall be made available to the Jury and the captains by the organizers of the championship.

The international Jury will make its decisions on a simple majority basis; in the event of a tie vote, the President of F.I.P.S.e.d. or his/her delegate shall have the casting vote.

All members of the F.I.P.S.e.d.'s Executive Committee shall wear a personal badge; they shall be entitled to circulate in the officials' corridor. Said badges shall only be valid for the Executive Committee's term of office (4 years).

LIST OF PENALTIES

- 31-** The penalties shall be as follows:

- a) Warning (yellow card) for the infringement of articles 11, 12c, 13, 16, 19, 20, 22, 23, 24 and 26.
- b) Disqualification (red card) for the infringement of articles 12a, 12c (last §), 14, 17, 18, 35, 38, 39.2 and 40 and after a second warning for the infringement of articles 11, 12c, 13, 16, 19, 20, 22, 23, 24 and 26.
- c) Warning on the Nation for the infringement of article 37c.

Disqualification of the Nation for the infringement of articles 5, 37a, 37b-1 and 37b-3 and after a second warning for the infringement of the article 37c.
- d) When an angler is disqualified, a number of points equal to the number of participating Nations + 1 will be assigned to him/her. If an angler is disqualified, the anglers below him/her in the ranking shall keep their original ranking (for example: if angler X who ranked 8th is disqualified, the following anglers shall keep their rankings and shall mark 9 points, 10 points, and so on).
- e) Any warning given to a Nation shall be recorded in that Nation's file and shall remain in the files for a period of 3 years. Any new infringement over these 3 years shall be considered as a "relapse" and the Jury shall make its decision considering such relapse and the list of penalties.
- f) Any warning given to a competitor shall be recorded in the competitor's file for a period of 3 years. Any new infringement shall be considered as a "relapse", and the Jury shall make its decision considering such new infringement and the list of penalties.
- g) F.I.P.S.e.d.'s Executive Committee shall be entitled, both during a competition and subsequently, to impose penalties on fishermen, captains or reserves if they infringe any rule or misbehave, even if said infringements are not provided for in the official Rules.

- 32-** The members of F.I.P.S.e.d.'s Executive Committee may access the competition venue and take note of any infringement of the Rules.

RANKINGS

-33- 1- RANKING BY SECTOR IN THE LEGS

- a) Ranking by sector or sub-sector shall be drawn up based on the weight (1 point per gram).

The competitor who recorded the highest weight shall be given 1 penalty, while 2 penalties shall be attributed to the second one, and so on.

- b) In the event of a tied score (same weight) in the same sector or sub-sector, the anglers concerned shall obtain a number of penalties equalling the average placing they should have had (example n° 1: two competitors placed equal 5th shall obtain $(5+6):2 = 5.5$ penalties each; example n° 2: three competitors tying in the 8th placing, totalise $(8+9+10):3 = 9$ penalties each).
- c) Anglers who have not caught any fish will receive a number of points equal to the average value of non-attributed places in their sector or sub-sector (example n° 1: 24 anglers, 12 of whom rank at the first 12 places with penalties ranging between 1 and 12, the following anglers will mark $(13+24):2 = 18.5$ penalties each; example n° 2: 29 anglers, 5 of whom have caught fish and scored 1 to 5 points – the 24 anglers who have not caught any fish mark $(6+29):2 = 17.5$ penalties; example n° 3: 29 anglers, 26 of whom have caught fish, whereas the 3 competitors who have not caught any fish will score $(27+29):2 = 28$ penalties. If there is only 1 angler who has not caught any fish or one or more absent anglers in a sector or sub-sector, they shall obtain a number of penalties equalling the last position in the sector (example: 29 competitors, 28 of whom have caught fish, whereas one has not, the latter will get 29 penalties).

2- RANKING BY TEAM

Up to 25 Nations, the ranking shall be drawn up by sector (as always).

If there are 26 participating Nations or more, each sector shall consist of two sub-sectors. In the event of an odd number of anglers (example: 2 sub-sectors with a total of 27 participating Nations: the angler located in number 14 shall be considered in both sub-sectors: he/she will be attributed the place he/she obtained in the sub-sector with the lowest number (1 to 14) for his/her ranking, while the score obtained in the other sector (14 to 27) shall be considered for the ranking of the anglers in that sub-sector. If he/she ranks 3rd in the 14 to 27 sub-sector, the other competitors shall rank 1st, 2nd, 4th, 5th, 6th, 7th, 8th, 9th, 10th, 11th, 12th, 13th, and 14th).

A- 1st LEG

- a) Sum of the penalties obtained in each sector or sub-sector by the anglers of a team.

The team scoring the lowest number of penalties shall rank 1st, and so on.

- b) In the event of a tied score, the rank shall be made on the teams concerned based on the heaviest weight recorded by the anglers of the same team.
- c) In the event of further tied score, the team with the heaviest individual weight shall be higher in the ranking.

- d) If a tie still exists, the teams shall be ranked based on the lowest number of penalties obtained by one of the anglers composing the team.

B- SECOND LEG

The ranking is established in the same way as for the first leg.

C- GENERAL RANKING

- a) The sum of the penalties obtained in the two legs; the team obtaining the lowest number of penalties will rank 1st, and so on.
- b) In the event of a tie on penalties, the teams concerned will be ranked by the highest total aggregate team weight obtained by the competitors in the two legs.
- c) In the event of a tie on weight in the two legs, the heaviest weight obtained by a team in one of the two legs shall be taken into account.
- d) If a tie still exists, the teams shall be ranked based on the lowest number of penalties obtained by a team in one of the two legs.

3- INDIVIDUAL RANKING

A- 1st LEG

- a) The anglers shall be ranked based on the penalties obtained in the relevant sector or sub-sector. The anglers who got 1 penalty shall rank 1st; they shall be followed by those who got 2 penalties, and so on.
- b) In the event of a tie on penalties, the competitors shall be ranked by the heaviest weight obtained.
- c) In the event of a tie on weight, the ranking shall be established based on the highest number of fishes caught.
- d) If a tie still exists, the competitors shall be ranked based on the highest number of drawn peg.

B- 2nd LEG

The ranking is established in the same way as for the first leg.

C- GENERAL RANKING

- a) The sum of the penalties obtained in the two legs; the anglers obtaining the lowest number of penalties will rank 1st, and so on.
- b) In the event of a tie on penalties between two or more anglers, the anglers concerned will be ranked by the highest total aggregate weight obtained in the two legs.
- c) In the event of a tie on total weight, the ranking shall be established based on the highest weight obtained on one of the two legs.

- d) If a tie still exists, the anglers shall be ranked based on the highest sum of numbers of the drawn pegs in the two legs.
- e) The anglers participating in one leg only, shall be put at the bottom of the individual ranking, following an order based on their placing.

4- NATION RANKING

A world or zone ranking per Nations shall be drawn up for all championships, taking into account the best 5 results over the 6 past years; such ranking list shall be updated every year and published on the F.I.P.S.e.d.'s website.

The Nations included in such ranking that, for any reason, do not participate in a championship, shall be given a number of penalties equal to the number of participating Nations for that specific year + 1.

- 34- The ranking will be established by a person mandated by F.I.P.S.e.d. or, lacking this person, by the organizers, in the presence of F.I.P.S.e.d.'s President or in the presence of his representative and, possibly, also in the presence of the members of the Jury.

ROD LENGTH

- 35- The length of the rods is limited to 4.50 (15 feet) metres maximum.

CIVIL LIABILITY INSURANCE

- 36- The organizers **SHALL** take out a "CIVIL LIABILITY" insurance to cover the whole event (from the beginning of the training to the end of the final dinner); a certificate issued by the insurance company, certifying that the whole event is covered by a "CIVIL LIABILITY" policy shall be handed over to the President of F.I.P.S.e.d. two months prior to the competition.

TRAINING

- 37- a) Official training shall take place at the official venue.
- b) The official venue shall be organized as follows:
 - 1) fourteen-day absolute closing before the first training day for all the members of the participating official delegations. During these 14 days, training at the venue shall be forbidden for all Nations in the entire area chosen for the championship, as well as 500 metres upstream and downstream of said area (including the opposite banks for lakes, rowing venues, canals, streams and rivers). The organizers shall mark the borders of the training area by using boards. Apart from the closing period, the venue shall be made available for regular visits and fishing [local closing periods and special fishing conditions (fishing permit) shall be abided by]. Should the venue be always closed to fishing, it shall be made available on at least 2 weekends (the dates shall be specified in the programme);

- 2) five days of official training (Monday, Tuesday, Wednesday, Thursday morning and Friday morning);
 - 3) the last day of training shall be compulsory for all Nations (whole teams with all their anglers).
 - 4) two days of competition (Saturday and Sunday).
- c) In order to enable all Nations to train at the official venue during the 5 training days, the organizers shall assign, starting on the 1st day, to each Nation a portion of the venue called training "BOX" by drawing lots carried out between 07:00 and 08:00 a.m. (the lot drawing time and place shall be included in the event program). Each "BOX" shall consist of 6 pegs. Lot drawing for the "BOXES" shall be guided (system for drawing lots to be designed by F.I.P.S.e.d. and made available to the organizing Nation).

All participating Nations shall be provided with a document carrying the technical specifications and information concerning the venue.

The same amount of baits and ground baits as the maximum amount allowed for a competition day shall be allowed.

On each training day, the organizers shall indicate the authorised angling hours by means of special acoustic signals

In particular, for the three first training days, the organizers shall allow the following training periods:

- From 10:00 a.m. to 06:00 p.m. angling shall be allowed without any interruption. Only one heavy baiting per day shall be allowed from 09:50 a.m. to 10:00 a.m.. The signals marking the start of heavy baiting (9:50 a.m.), the start of the fishing (10:00 a.m.) and the end of the training (6:00 p.m.) shall be produced every training day by the organizers.
- Before 10.00 a.m. and after 06.00 p.m. angling shall be forbidden.
- The teams shall abide by the aforesaid angling schedule (no baiting shall be authorised before the official signal).

For the 4th and the 5th training days, the heavy baiting signal shall be held at 9:50 a.m., the start of the fishing at 10:00 a.m. and the training (5 hours maximum) must be stopped at 3:00 p.m.. No training shall be authorized after 03:00 p.m.. Venues must compulsory get free as from 04:00 p.m..

ELECTRIC POWER LINES AND PLANTS

- 38- It is strictly forbidden to place competitors at a distance of less than 25 metres, on both sides, from any electrical plant (electrical lines, transformers, trellises, etc.).

RULES IN THE EVENT OF BAD WEATHER OR WATER-RELATED CONDITIONS

- 39- 1- WHEN BAD CONDITIONS BREAK OUT BEFORE OR DURING PREPARATION

No angler shall be allowed to access his/her peg or prepare his/her material; a signal shall indicate the postponement of the access into the angling peg or the end of the preparation phase. If the weather or water-related conditions and the competition schedule allow, the leg may be regularly performed.

If the weather or water-related conditions do not improve or the competition schedule does not allow, the leg shall simply be cancelled. The cancelled leg shall not be considered when making the rankings, which shall be established based on the results of the held leg. The cancelled leg shall not be held at a later stage.

2- IF BAD CONDITIONS BREAK OUT DURING THE LEG

The leg shall immediately be stopped (a 1st signal will be emitted by the organizers) and all competitors shall take shelter outside the pegs. If the weather or water-related conditions allow, the leg shall then continue and a 2nd signal shall inform the anglers that they may return to their pegs; a 3rd signal, 5 minutes later, shall authorize the competitors to resume angling (heavy ground baiting is forbidden).

Maximum 2 breaks shall be authorised in one leg, and their overall duration shall not exceed one (1) hour; otherwise, the leg shall be stopped for good.

The Jury may shorten the duration of a leg if the competition schedule does not allow angling for 5 hours.

A leg shall be validated if it lasted at least 2 hours. The break(s) time shall not be considered when calculating the duration of a leg.

Should the weather or water-related conditions not allow to duly carrying out a competition, the Jury may decide to cancel one leg. Said leg shall not be postponed and the ranking shall be drawn up based on the leg that was actually carried out. The cancelled leg shall not be held again.

ANTI-DOPING CONTROLS

-40- F.I.P.S.e.d. adopts the World Anti-doping Code applied by C.I.P.S..

During a championship, the anglers selected to undergo anti-doping controls shall imperatively go to the designated place at the indicated time, following F.I.P.S.e.d.'s or the Jury's guidelines. Any angler selected to undergo anti-doping checks who does not report for the controls shall be disqualified from the competition and shall be given a penalty corresponding to the bottom rank in the ranking + 1, for all the competition days he participated in.

Organizing Nations shall cover all anti-doping controls costs. All contacts with the NADO (National Anti-Doping Organization) of each Nation shall be exclusively kept by the organizers of the championship under consideration.

The organizers shall be responsible of the fishing material and equipment of the angler drawn to be tested, while he is undergoing the anti-doping control.

ADVERTISING ON BACK NUMBERS

-41- Advertising shall not be obligatory.

The size of the advertisement characters on the back numbers shall not exceed a height of 6 cm; this form of advertising shall only be authorized on the lower part of the back number, both on the front and on the back sides.

BACK-NUMBER SAMPLE

F.I.P.S.e.d. AND C.I.P.S. FEES

-42- A € 150 fee shall be paid by each participating Nation; said fee shall remain available to F.I.P.S.e.d..

A € 500 fee shall be paid by the organizing Nation to C.I.P.S.'s disposal (to be paid to C.I.P.S.'s bank account).

OPENING CEREMONY AND PRIZE AWARDING CEREMONY

-43- The opening ceremony and the presentation of the teams shall take place 2 days before the first leg, at 06:00 p.m.. Said ceremony shall not last longer than 2 hours, and shall not end later than 08:00 p.m..

The top 3 teams and the top 3 individual competitors shall officially receive a GOLD, a SILVER and a BRONZE medal respectively. In conformity with international standards, during the prize awarding procedures, the national anthem of the winner (team or competitor) shall be played, and the national flags of the top three athletes/teams shall be raised. The medals shall be paid for by F.I.P.S.e.d. and shall be handed over by F.I.P.S.e.d.'s designated representative.

A certificate stating the results obtained shall be delivered to all the three first ranked Nations official members, who shall be present at the prize giving ceremony, as well as to the five first ranked individual anglers (if an individual classification is previewed).

For the Feeder Fishing World Championship for Clubs, only a team classification is previewed. No individual award shall be recognized.

Any other reward shall be equally awarded to all participating Nations. All participating Nations shall provide their flags and the recordings of their national anthems.

During the ceremony for the announcement of the official results, the winning Nation may be represented on the podium by up to 9 persons, who shall be handed out the medals while playing their national anthem.

RULES VERSIONS

-44- In the event of any dispute arising from or in connection with the interpretation of these Rules, only the French version shall be considered as the original and reference text.

OBLIGATIONS OF THE ORGANIZING NATIONS

-45- The organizing Nation of a World or Zone (Europe, etc.) Championship shall:

- a) Have the F.I.P.S.e.d. trophies engraved (plate or logo);
- b) Send out official programs and information about the championship in the 2 official languages (English and French).

The President of F.I.P.S.e.d.

Ugo Claudio MATTEOLI

The General Secretary of F.I.P.S.e.d.

Barbara DURANTE

The President of the F.I.P.S.e.d. Technical Committee

Roland MARCQ
